

CHARITIES BODY IN NEED OF \$373 MORE

But That Amount Raised to Meet Deficit of Year's Expenses.

Following an appeal of less than a week ago, when it was stated the Associated Charities of the District of Columbia needed \$1,500 more to meet the expenses for the fiscal year ended today, it was announced today that all but \$373 of this amount has been contributed.

The original deficit was in three funds, the general Associated Charities fund, the special Associated Charities fund relating to work among specially designated families, and the fund of the Citizens' Relief Association. The amounts in the latter two funds have been made up, leaving only the \$373 for the actual operating expenses of the Associated Charities to be raised.

The appeal was made because the organization tries to pay its way each year, and not carry any deficit, depending on the call for one contribution of \$100, five of \$50, and others of less amounts. Much of the money was contributed by members of the board and of the finance committee.

Contributions for the rest of the needed amount should be sent to Howard S. Pease, 223 H street, treasurer of the joint finance committee.

TO CONSIDER LAWS TO MEET WAR NEEDS

A general revamping of business and revenue laws to meet war conditions and the demand for preparedness will be considered by the Ways and Means Committee of Congress in November.

The Treasury and Commerce Departments are compiling data on the revenue-producing possibilities of the Underwood-Simmons law, and on the necessity of the "anti-dumping" clause of the Underwood-Simmons bill that failed of passage at the last session.

The Ways and Means Committee will meet informally about a month hence, and it is generally believed that the administration will give consideration then to a program of tariff revision as well as general revenue legislation.

Secretary of the Treasury McAdoo has his corps of assistants at work gathering data on the exact condition of the Treasury.

Secretary of Commerce Redfield and other trade advisers are anxious to build American trade and prevent the dumping of cheap foreign goods on American shores after the war. It is pointed out that this can be done without raising the tariff duties.

PUBLISHERS' PAPERS ORDERED RETURNED

Justice McCoy Holds Seizure of Marks-Goldsmith, Records Was Illegal.

Holding that the seizure of papers from the Marks-Goldsmith Company early this month by the United States Attorney's office on a subpoena duces tecum was unlawful, Justice McCoy, in the District Supreme Court, today handed down an opinion ordering the return of the records of the music publishing company.

The action followed a vigorous appeal by the attorneys for the company who

maintained that the subpoena ordered a return to the United States Attorney's office. The District attorney is supporting his action endeavored to show that the papers were necessary for presentation to the grand jury.

Merton M. Marks and Harry B. Goldsmith were arrested on the charge of violating the postoffice regulations, and each gave bond of \$1,500 for their appearance in court. Immediately after their arrest and while a clerk was in charge of their office, the seizure of the important papers was made by officers of the District Attorney's office.

RED CROSS PREPARES FOR ITS STAMP SALE

Distributes 200,000,000 Seals To Be Sold During Coming Christmas Holidays.

The American Red Cross and the National Association for the Study and Prevention of Tuberculosis are distributing 200,000,000 Red Cross Christmas seals for sale during the holiday season this year. The proceeds will go for the fight against tuberculosis in the communities where the seals are sold.

Organization of the Red Cross seal sale this year will take in every State and Territory of the United States, according to announcement made today.

By December 1 more than 600,000 men, women, and children will be engaged in the campaign.

The sale in 1914 broke all previous records, totaling over 5,000,000 seals, an increase of 22 per cent over 1913. After deducting all expenses, this left nearly \$200,000 for tuberculosis work.

The money has been and is being expended by over 2,000 different agencies, who benefited from the sale in amounts ranging from \$100 or less to more than \$2,000.

The American Red Cross announced today that it will continue its previous successful policy of charging only 10 per cent of the gross proceeds to State anti-tuberculosis associations, thereby encouraging local work.

To Quickly Remove Ugly Hairs From Face

(Beauty Notes)

Beauty-destroying hairs are soon banished from the skin with the aid of a delatone paste, made by mixing some water with a little plain powdered delatone. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.—Advt.

J. Rufus Wallingford and Horace G. Daw says:

"We Know How to Make a Fortune in the MOVIES"

J. Rufus Wallingford Esq. To-morrow Announces FULL DETAILS in RE INVESTING a DIME in the MOVIES

J. Rufus Wallingford says:

"Suppose you could invest a Leaf of Bread and Make a Fortune in the Movies?"

J. Rufus Wallingford says:

"Should we decide to do it, a Herring and the Moving Pictures could make a fortune for YOU."

Well—here's how!

Oh, that Wallingford, the irrepressible,—he broke loose in the papers the other day and had all the city wondering what in the world he was getting at. "Invest a dime in the movies and make \$158,976.23," "Watch our herring lay 1,000,000,000,000,000,000,000 eggs and watch us monopolize the herring market."

But with regret it is announced that Mr. Wallingford's plan to get 10,000 people to invest a dime is delayed, owing to the panic in the herring schools, due to the Alsatian-Dalmatian conflict. But Mr. Wallingford, in the generosity of his heart has been persuaded on to do something else for you, and this is it.
